

Sieden Prairie School 2A & 2B

Bartel Grassland

With Mr. Dick Riner

Working at a Grassland

Mr. Riner is a volunteer at Bartel Grassland and he showed us his badge to prove it!
He is just one of many volunteers.

We discussed many types of Bird Species that can be found at Bartel

Some included:

- Owls
- King Birds
- Falcons
- Warblers
- Redwing Blackbirds

and so many more!

Who Knew...

We lived so close to so many birds?

You're invited!

Not only did we learn so much about birds and even a little about some wild flowers, but we found out you can go to the grassland to visit or plan a trip!

Thank you, Mr. Riner!
