

Elementary School District 159
Grant Management & Development Program
A Year in Review
January – December, 2018

Mission Statement

To support the strategic vision of the school district by establishing collaborative partnerships with the community, educational institutions, and funding sources. In doing so, we will maintain effective communication with our community, partners, and potential funding sources, by sharing the stories of our district in the most effective and positive manner.

Shelia M. Friday, MPA, GPC
